**FIRE CHIEF:**

Fire Chief Gavin went over multiple items in his report.

- First being; our new full-time Brandon Cramer started at the end of May so we are excited to see him here daily.
- Replacement schedule of the smaller vehicles. The board will have to have further discussions about this.
- Call volumes are about average however, major calls are up. We had 42 calls in one week during the month of May. Different alarm levels at dispatch. Less of a response and better planning for additional help.
- Target Solutions Software – starting to explore. As to whether it is a possibility for our department to benefit from this updated software for documentation options.
- Hired three more fire fighters with more applications coming in.
- Working with the local business to create a business registry of some form.
