

Dear Resident,

Are you, or do you know someone who is 55 years of age or older? For years we have offered activities and services for our seniors. We need to get our senior services back up and running. We are reviewing these programs and are looking for your help. We need to decide how best to allocate our millage dollars. These millage dollars are used to support recreational activities and general services that promote healthy aging within our community. Our goals are to continue to build awareness of available programs and services, as well as develop additional local recreational opportunities based on your input.
